| #  | Issue                                        | What was done                                                                  | Status |
|----|----------------------------------------------|--------------------------------------------------------------------------------|--------|
| 1  | <b>Sex → Gender</b>                          | Label changed on registration/profile (field unchanged).                       | Fixed  |
| 2  | <b>Replace "Recommend"</b>                   | Renamed to "Jobs for You" — a govt body shouldn't appear to endorse a job.     | Fixed  |
| 3  | <b>Address → Correspondence Address</b>      | Label updated.                                                                 | Fixed  |
| 4  | <b>Identity section mandatory</b>            | Identity required; ID + passport documents now required before "ready".        | Fixed  |
| 5  | <b>Prevent duplicate education</b>           | Server rejects a duplicate education level (409).                              | Fixed  |
| 6  | <b>"Passed" flag on education</b>            | Added a Passed / Completed toggle.                                             | Fixed  |
| 7  | <b>Separate University &amp; Institution</b> | Two distinct fields (institution + affiliating university).                    | Fixed  |
| 8  | <b>Review Edu / Cert / Skill sections</b>    | All three rebuilt blue-collar-friendly in the new application flows.           | Fixed  |
| 9  | <b>Certification vs Certificate Course</b>   | Differentiated (formal certification vs short course).                         | Fixed  |
| 10 | <b>Experience in months</b>                  | Captured in months (with "≈ N years" hint); matching uses months.              | Fixed  |
| 11 | <b>Improve Brief Description</b>             | Reworked to plain guidance + examples.                                         | Fixed  |
| 12 | <b>Language proficiency + passport</b>       | First-class language section (Basic → Native); passport captured.              | Fixed  |
| 13 | <b>Rejected country not shown again</b>      | Agency records a visa/country rejection; those jobs hidden from the candidate. | Fixed  |

| #  | Issue                                   | What was done                                                               | Status       |
|----|-----------------------------------------|-----------------------------------------------------------------------------|--------------|
| 14 | <b>Salary aligned to job category</b>   | Typical monthly pay band per category × country shown on each job.          | Fixed        |
| 15 | <b>Job-specific required documents</b>  | Each job shows only its country's required documents (have / needed).       | Fixed        |
| 16 | <b>Post-visa 3-month support</b>        | New Support module + official Govt-of-India channels (MADAD / eMigrate).    | Fixed        |
| 17 | <b>Improve Grievance section</b>        | Voice input, "Someone asked me for money / Fraud" category, deep-link.      | Fixed        |
| 18 | <b>Fee section</b>                      | No candidate-side fee in this programme — removed from scope.               | Out of scope |
| 19 | <b>Monthly tracking of visa holders</b> | Monthly check-in ("I'm fine" / "I need help") in the Support module.        | Fixed        |
| 20 | <b>WhatsApp notifications</b>           | Needs Meta WhatsApp-Business verification + a messaging partner (external). | Phase 2      |

# How the portal works

The workflow — especially for candidates — has changed a lot. This guide walks through the new candidate experience, the HPSEDC super-agency, and the admin console, with test steps for each.

## Access & roles

|                               |                                                                                                                           |
|-------------------------------|---------------------------------------------------------------------------------------------------------------------------|
| <b>Candidate (Job Seeker)</b> | Register on the portal (password needs one capital + one special character, e.g. <b>Test@1234</b> ). Anyone can register. |
| <b>HPSEDC Agency</b>          | Demo account <b>hpsedc_agency</b> (quick-login). The single super-agency — owns all jobs, candidates & placements.        |
| <b>Admin</b>                  | Demo account <b>demo_admin</b> (quick-login). Oversight, callbacks, support queue, grievances.                            |

The portal is bilingual — use the **language toggle** in the top bar to switch **English ⇌ Hindi**.

## Candidate · three ways to register

Applicants range from low-literacy blue-collar workers to degree-holding professionals, so registration offers three modes:

### A · Standard — "Fill it myself (quick form)"

For **blue-collar** workers. A picture-based, one-question-per-screen form (~2 min) with voice input — completable by the worker or a helper (family / Common Service Centre).

### B · Professional — "I have a degree or professional qualification"

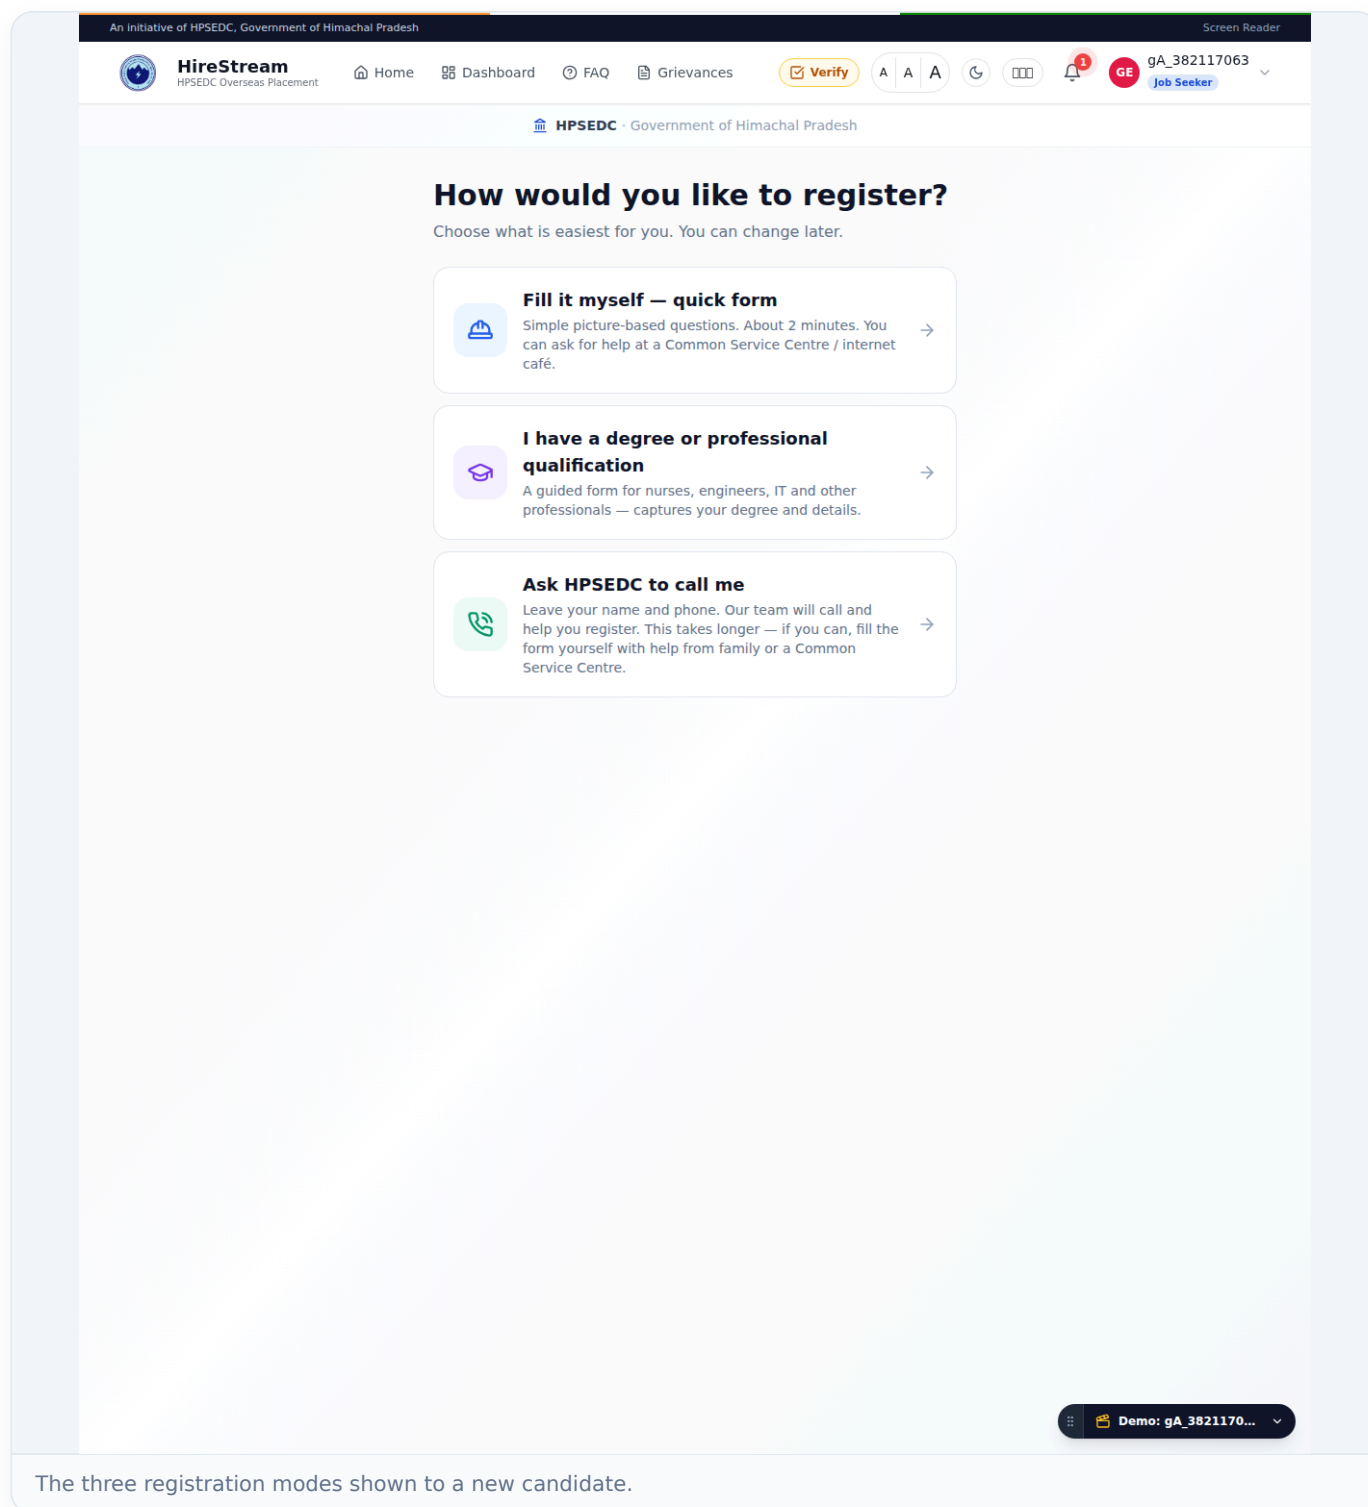

For **higher-education** applicants (nurses, engineers, IT). A guided form capturing education → degree → field → institution, certifications, IELTS & passport.

### C · Assisted — "Ask HPSEDC to call me"

The **minimum-information** path: leave only name + phone; HPSEDC calls back and completes it.  
**Configurable** — HPSEDC can switch this option on/off from the backend.

## The three registration modes on screen

A new candidate is asked how they would like to register:

The screenshot displays the HireStream website, an initiative of HPSEDC, Government of Himachal Pradesh. The page is titled "How would you like to register?" and offers three registration options:

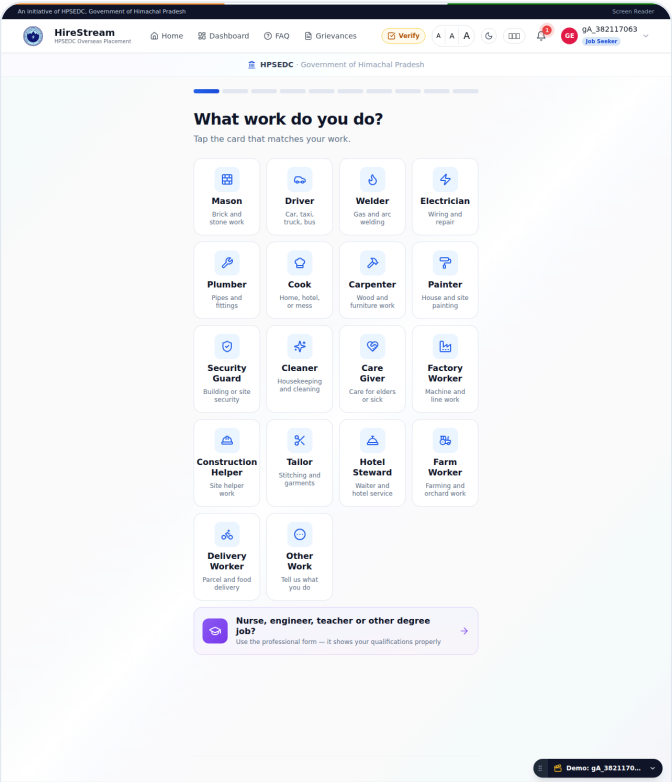

- Fill it myself — quick form**: Simple picture-based questions. About 2 minutes. You can ask for help at a Common Service Centre / internet café.
- I have a degree or professional qualification**: A guided form for nurses, engineers, IT and other professionals — captures your degree and details.
- Ask HPSEDC to call me**: Leave your name and phone. Our team will call and help you register. This takes longer — if you can, fill the form yourself with help from family or a Common Service Centre.

The page includes a navigation bar with links to Home, Dashboard, FAQ, and Grievances, along with a "Verify" button and user profile information (gA\_382117063, Job Seeker). A "Screen Reader" label is visible in the top right corner. A demo user session is indicated at the bottom right: "Demo: gA\_3821170...".

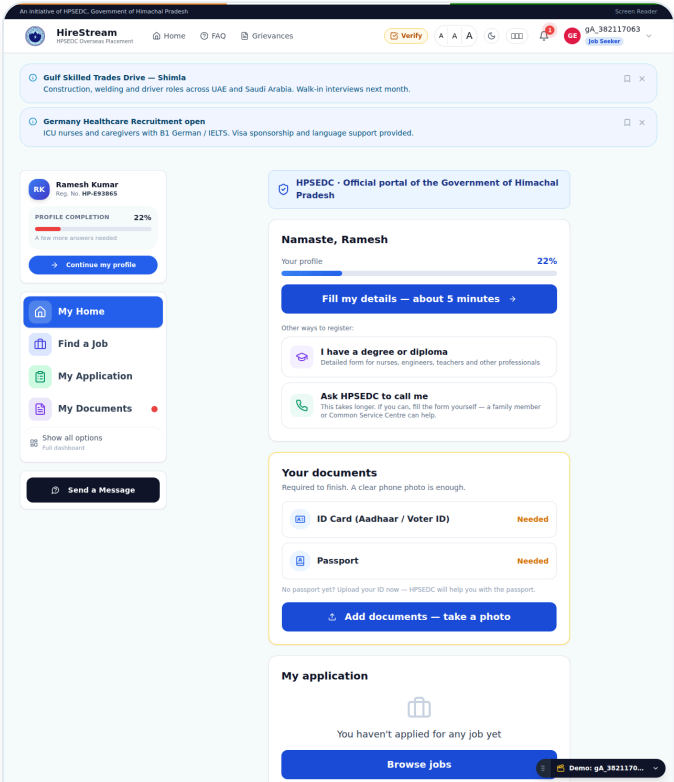

The three registration modes shown to a new candidate.

# Standard (blue-collar) & Professional flows

Standard is pictorial and one-question-per-screen; Professional is a guided, detailed capture.

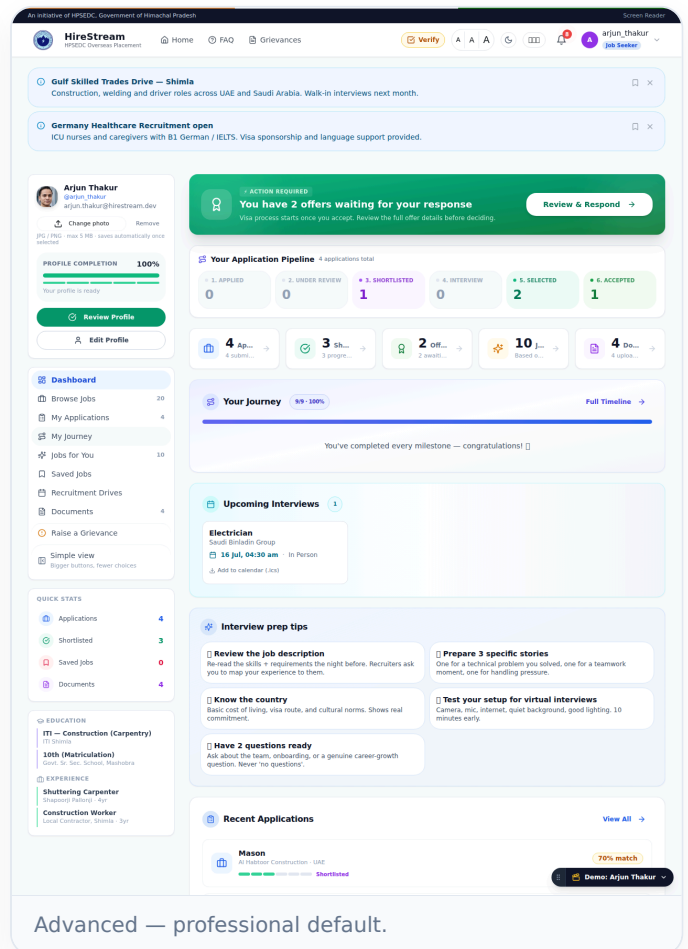

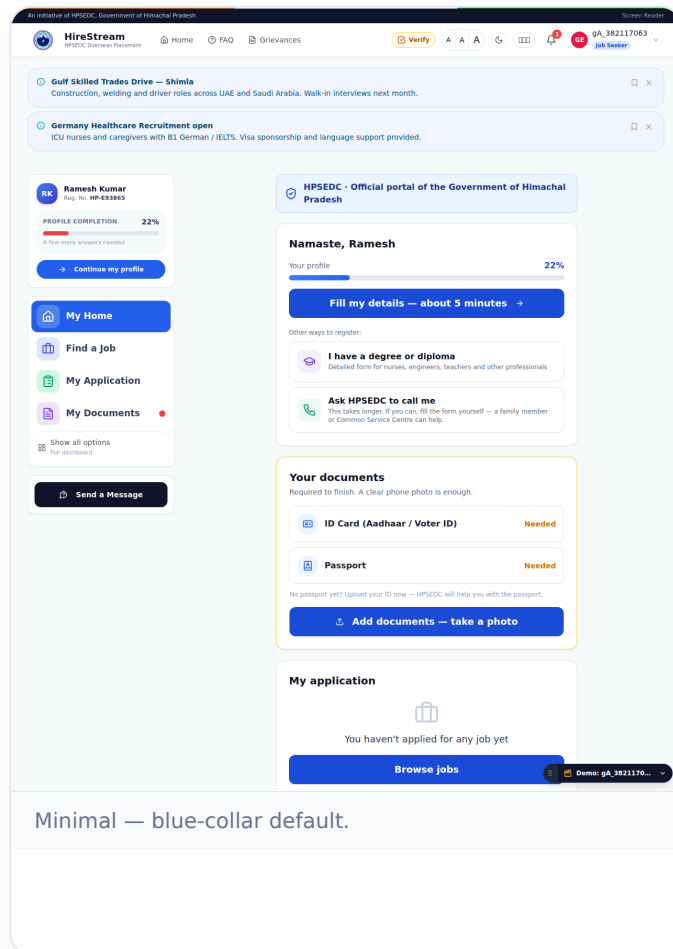

Standard — pictorial, one question per screen.

Professional — guided, detailed capture.

# The dashboard · Minimal ⇌ Advanced

Everyone uses the **same dashboard layout**. Blue-collar applicants get a **Minimal** view (few big buttons); professionals get the **Advanced** view (full menu + stats). A toggle switches between them.

A profile is **not "ready" until an ID (Aadhaar / Voter ID) and a passport are uploaded** — mandatory for overseas placement. Photo or PDF accepted. Once done, the dashboard shows "Your profile is ready" with the HPSEDC registration number.

Find a job → apply → track

Each job shows the **typical monthly pay for that category & country** and the **documents that country requires** (Have-it / Upload / Arrange).

## Application status & post-placement support

The applicant tracks progress on "My Application"; once placed, the Support module handles issues + monthly check-ins.

## HPSEDC · the single super-agency

Instead of many competing agencies, **HPSEDC is the one super-agency**: all jobs belong to HPSEDC, which manages every candidate and placement and runs the full pipeline **Submitted → Reviewed → Shortlisted → Interview → Selected → Placed**. At *Selected* a placement record (visa / travel / welfare) is auto-created; the application becomes *Placed* when the candidate accepts the offer.

Agency view — candidate, compliance (MEA), visa / travel & placement management.

Admin keeps HPSEDC oversight — overview, **Callbacks** (Assisted-tier requests), **Placement Support** queue, grievances, reports and settings. Features carried over from the multi-agency product that HPSEDC doesn't need can be hidden in a later pass.

## Test checklist

### Candidate

- ☐ Register → see the three registration modes
- ☐ Complete Standard (blue-collar)
- ☐ Complete Professional (degree branch)
- ☐ Try Assisted (callback request → Admin)
- ☐ Upload ID + passport → "ready" + reg. number
- ☐ Toggle Minimal ⇌ Advanced dashboard
- ☐ Open a job → salary band + docs → Apply
- ☐ Check My Application status
- ☐ Open Support (raise issue / check-in)
- ☐ Switch English ⇌ Hindi

### HPSEDC Agency

- ☐ All jobs are HPSEDC's; post a new job
- ☐ Move an application Submitted → ... → Placed
- ☐ Record a visa/country rejection → jobs hidden
- ☐ Update visa status + travel date

### Admin

- ☐ Callbacks queue (Assisted requests)
- ☐ Placement Support queue
- ☐ Grievances list
