

Ref. No.: HTIS/HPSEDC/OPP/2026/_____

Date: _____

To,

The Data Controller,
Himachal Pradesh State Electronics Development Corporation Limited (HPSEDC),
Shimla, Himachal Pradesh.

Subject: Submission of SRS / System Design Document for design approval and release of the **first 40% installment** — *Development of Overseas Placement Portal & Mobile Application (HPSEDC)*.

Reference:

1. Work Order No. **HPSEDC-SOFT/08/2025** (E-File No. 287782), dated **13.01.2026**.
2. RFE No. **SEDC/Software-EMP/2K24-22560**.
3. Functional Requirements Specification (FRS) for the Overseas Placement Portal, issued by HPSEDC.

Respected Sir/Madam,

With reference to the Work Order cited above for the **Development of Overseas Placement Portal & Mobile Application (HPSEDC)**, we are pleased to submit herewith the **Software Requirements Specification (SRS) / System Design Document** for the project, for the kind review and **design approval** of the department.

As per the payment terms of the Work Order, the **first installment of 40%** is due on "*Approval of design (based on deliverables SRS/FRS) by the department.*" Accordingly, the enclosed SRS elaborates the complete system design — architecture, data design, functional modules, user interface, external interfaces, and non-functional characteristics — and includes a **clause-by-clause Requirements Traceability Matrix** demonstrating full coverage of the HPSEDC FRS.

We further submit that the portal has been **developed and successfully subjected to User Acceptance Testing (UAT) by the HPSEDC team**; the enclosed design therefore reflects the as-built, working system and is corroborated by the UAT Final Report.

Enclosures:

1. Software Requirements Specification (SRS) / System Design Document — with Requirements Traceability Matrix.
2. Design-Approval Sign-off sheet (for the department's verification).
3. Milestone-1 Deliverables Checklist.

In view of the above, we request the department to kindly **accord design approval** and arrange for the **release of the first 40% installment** (₹1,77,000/- of the total order value of ₹4,42,500/- inclusive of GST), against which our bill shall be submitted along with this duly verified package, as provided in the Work Order.

We remain committed to completing the remaining milestones (development & hosting, and completion certificate) within the agreed terms.

Thanking you,

Yours faithfully,

For **M/s HTIS Telecom Private Limited**
